2019 Cowley County 4-H Swine Identification Form
(please complete one form per family)

Due to concerns of animal disease and prevention, a centralized tagging will not be held in
Cowley County for the 2019 4-H program year. However, 4-H members are still required to tag and identify swine projects using a county issued 4-H EID eartag and the swine identification form by May 1, 2019.

Tag pigs on your farm and complete Swine Identification Form. An Allflex "Total Tagger" must be used to tag pigs.

Turn in Cowley County Swine Identification Form with pictures of tags in each pig's ear to the Cowley County Extension Office **by 5:00 p.m. Wednesday, May 1, 2019.** Return any unused tag to the Extension Office.

This form must be accompanied by pictures of the tag in each pig's left ear. Pictures should show both ears so that notches are identifiable.

Button side of tag should be on the inside of the pig's ear.

(Exhibitor(s))   Date

Notch Information - write AND draw notches!
Litter mark - The pig's right ear (R) is used for the litter mark. All pigs from the same litter must have the same notches in this ear.
Individual Pig Marks - The pig's left ear (L) is used to show an individual pig number in the litter. Each pig in the litter will have different notches in this ear. The exact location of the notches determines the pig's number.
***IMPORTANT** – draw the notches exactly as they are in the ears!

Notch # 47-1
