These workshops are organized and facilitated across the state by members (and seasoned photographers) of the State 4-H Photography Action Team. Participants can rotate through workshops in the morning, when lighting is still good and the event usually runs until 12:00. - * Swine
- * Sheep
- * Meat Goat
- * Dairy Goat
- * Meat Rabbits

Due
September 22, 2023
Both 4-H Project Report and Essay

Potential topics to build on:

- * **Production-** Breeding animals, what are your future goals? What specific details do you need to consider if you plan to keep this animal and breed them?
- * **Finances-** pasture stocking rate, available pasture/rental rates, price to feed, maintain, breed, house this animal?
- * **Marketing-** Marketing to sell this animal or their progeny for a return on investment.
 - Break down your plan
- * **Industry Expectations-** interview Bankers, FSA Loan Officers, Extension Agents, Local Farm/Ranchers, study and cite University publications.
- * **Goal Setting-** does your animal have products to sell? (milk/eggs/offspring) What does your business plan look like for that and how are you going to make that work and grow to be a profitable business owner?

-Do you have a market animal? How are you feeding that animal to be the most profitable on the rail? Are you marketing that animal before the fair to get the best price? Do you know how much meat that animal provided after the fair? What is your goal as you feed this animal and how did you do? Hanging weight, back fat, pounds of product.

If you need help with this project, please schedule an appointment with Sarah to help you explore ideas.

The intent of this essay is to dig deeper into the production side of the industry, learning from publications and professionals in our area. You will want to plan to have it proofed by multiple people.

Round Robin Updates - Cowley County Fair

GRAND CHAMPION SHOWMAN/ROUND ROBIN CONTEST

Superintendents: Tina Bailey and Carol Mackey

1. The Champion and Reserve Champion Showman from the SENIOR divisions in Beef Cattle, Dairy Cattle, Horse, Sheep, Meat Goats, Dairy Goats and Swine are eligible to compete for Grand Champion Livestock Showman and Reserve Grand Champion Livestock Showman. To be eligible for the Round Robin a participant must place 1st, 2nd, 3rd, or 4th in a Division. Each Senior Division is required to place a 4th Place Finisher.
2. Participants must show the same animal which qualified them for this event. Participants who qualify in multiple species will be allowed to choose which one of their Champion or Reserve Champion showman animals they want to show in the Round Robin. Example: If a showman won Champion Meat Goat Showman and Reserve Champion Beef Showman. They qualified in the first specie shown (Meat Goat) but they may choose to show their own beef calf in Round Robin and draw for a Meat Goat to walk in the Meat Goat round. Participants who have multiple species are not allowed to use their 3rd or 4th place species.
3. After an exhibitor is named Champion Senior Showman or Reserve Champion Senior Showman within a division (dairy cattle, dairy goats, beef, sheep, meat goats, horse or swine), they are deemed as the automatic qualifiers in that division. They may not qualify in any other species for Grand Champion Showman. Exhibitors may show in subsequent showmanship classes, but the automatic qualifiers will be based on the first species they qualify in. The remaining open spots in the Round Robin will be filled from eligible 3rd Place Showman at the conclusion of the last show of the fair. If there are still openings after all eligible 3rd Place finishers, then 4th place finishers will be inserted using the same procedure and preference order. The order used will be based on the Preference Order. The 2023 Preference Order for 3rd and 4th place showman will be Dairy Cattle, Swine, Sheep, Beef, Meat Goat, Horse, Dairy Goat. The Preference Order will rotate annually.
4. For species with limited Senior exhibitors: Should a Senior contestant elect not to participate in the Round Robin, it will be their responsibility to permit the use of their animal for the purpose of the Round Robin contest. In the event that there is not a contestant from each specie, every effort will be made by species' superintendents to locate animals for use by the exhibitors in the Round Robin.
5. Participants will draw for the animal they will show in each species except as noted in Rule 2 above and for 3rd or 4th Place Qualifiers based on Rule 3. 3rd and 4th place species qualifiers from Rule 3 will be allowed to use their animal from the species shown when they qualified for Round Robin competition.
6. Previous winners of the Grand Champion Showman award at the fair are eligible to compete.

Kansas State Fair/Grand Drive Changes

GROOMING RULE UPDATE (ALL SPECIES): FULL FIT SHOW

Junior Livestock Show Grooming: The purpose of grooming rules for junior exhibitors is to promote the program as a learning experience for youth. All junior exhibitors are expected to care for and groom their animals throughout the show. Grooming at the Kansas State Fair for the breeding and market animal shows may include the use of adhesives, paints, and powders. Twine, other artificial material or hair not from the animal itself are not allowed.

Grooming at the Kansas State Fair for the showmanship competition shall be "no fit"/ "blow and go." Adhesives, paints, and powders are not allowed.

Immediate family members of current Kansas 4-H or FFA members exhibiting may provide grooming and care to assist the junior exhibitor, regardless of whether the exhibitor is present while such grooming and/or care is being provided. Immediate family members include parents, legal guardians, siblings, and grandparents.

Individuals who do not meet the definition of an immediate family member or are not exhibitors at the show, but wish to provide consulting assistance to exhibitors, shall be deemed "Livestock Helpers." A Livestock Helper may only provide verbal guidance, consultation, and educational assistance. Hands-on assistance by Livestock Helpers is not allowed any time during the show.

Livestock Helpers must register with the Grand Drive office either at the time of entry by the relevant exhibitor(s) or during the State Fair. During registration, Livestock Helpers must submit documentation with the State Fair office containing the names of all exhibitors they wish to help. Livestock Helpers must wear a visible badge while in the barns providing guidance and verbal assistance.

Livestock Helpers found to be grooming or caring for animals will be warned once by the Competitions Director or their designee and upon the second violation may have their credentials revoked. An entry that has been groomed by a Livestock Helper may be disqualified.

Violations of this rule are subject to all penalties afforded by all applicable Kansas State Fair rules and may include revocation of Livestock Helper credentials for up to two years.

4-H AND FFA BEEF CATTLE RULE UPDATES (BEEF CATTLE EXHIBITORS ONLY):

NO CHUTES IN TIE SPACES IN THE CATTLE BARN

Stall chutes and "EZstay, Straight Up type bars" are allowed in stalls when in use only and cannot take up cattle space.

Only on show day may chutes be placed in aisles. This applies to steer exhibitors on Saturday and heifer exhibitors on Sunday. Please angle and space your chutes so that cattle can be moved to the ring. Do not block the entire aisle.

Chutes may be placed in open space along North and East walls of the barn and in open space in the Southeast part of the tie barn/ Prairie Pavilion.

Please plan and coordinate chute sharing with others from your county.

NO PENS OR PANELS IN TIE OUTS

No pens, extra panels or end panels will be allowed in the tie outs.

If pens/panels are set up the exhibitor will receive one warning to remove immediately, and if not removed will be removed by KSF staff.

Tie out space is limited to only the animals that are checked in to the show, not the number of cattle entered.

"Tying out" in the dairy barn or to the chain link fence is not allowed.

Tie out space is not assigned by club/county, and if excessive space is used by an exhibitor the show management and KSF staff have the right to condense the exhibitor's space.
